

Mrs. Craft's Classroom Notes
January 2020

January 27, 2020

Dear Parents of the Toddler Community,

It is hard to believe that January is almost over. After the winter break your little one was ready to be back, it was so wonderful to see them busy, getting ready for their routine, taking care of their environment and enjoying seeing their friends again! We have two new children in the classroom: Matthew and Amir. The kids showed great excitement for these new friends. The oldest children in the class have been sure to make them feel at "home" (which is how many of them refer to our little community!)

Lately, some of the toddlers have been practicing their Grace and Courtesy at the table during lunch time. They enjoy sharing food, passing the pitcher and the bowls with food, or asking beautifully for help.

I would like to remind you of a few things to help our day go smoothly with your child: Arrival time is between 8:15 and 8:30 am. Once by the door, let your child ring the bell. I will be there to receive them. A quick "goodbye/ see you later" makes the separation easier for your child. A smooth start to the day helps your child feel secure and loved as they begin their work cycle. Maybe your child will have a few tears, but once inside they feel confident and safe in their environment.

If you and your child arrive after 8:30, please walk to the front office and Mrs. Burling will bring him/her to the classroom. By this time some of the kids are receiving a lesson with me, using the bathroom or getting ready to prepare lunch with Miss Patterson. We go to play outside every day. Please send your child with warm clothing.

If you have any questions, please do not hesitate on contacting me.

Sincerely,
Valentina
