

The Prepared Adult in the Prepared Environment will give Montessorians the chance to examine their role in the lives of young children. We take great care to make our classrooms a beautiful place for children. The adults in that environment need just as much care, love and attention to detail.

This workshop is intended for:

- teachers who want to refresh and renew their spirit for the start of the school year
- assistants who may be new to Montessori
- anyone looking to learn more about the Montessori classroom in action

Our Opening Lecture will focus on the Prepared Environment.

Break Out Sessions will allow participants to concentrate on their age group, and really delve into how the adult can best meet the needs of the child at their specific level.

This is a great way to train your assistants!

At the end of the workshop, all schools will have the opportunity to collaborate on their own, or meet up with other schools.

SCHEDULE OF EVENTS

TIME	EVENT
8:30 - 9:00	REGISTRATION
